

Ecocommittee Meeting

Tuesday 13th March 2007

Present: Miss Bates, Karis Burns, Stuart Ferguson, Robert Gray, Tighe Henderson, Chelsea Jamieson, Katie Parkin, Mr Pennington, Mrs Pennington, Marty Randall, Miss Reyner

Apologies: Malcolm Letts, Robbie Lyall, Kaylee Palmer, Colin Peterson, Jenni Richardson, Mike Smith, Mrs Smith, Michael Thomson

Minutes: Chelsea

1. Eco Code & Posters

Seven A3 posters have been made to display around the school. The committee discussed where to put them.

Copies of the eco code have now been given to all teachers to display in their classrooms.

ACTION: A3 posters to be put up. All committee members to look out for other possible locations for more posters around the school.

Karis to check in classrooms whether the eco code is being displayed.

2. Sensory Garden

Tree planting has started. The next stage will involve fencing being put up to divide the area in to sections. We discussed getting hold of manure from various sources. After the fences have been put up, the next stage will involve laying paths and building a raised bed. Possible surfaces for paths include: glass, gravel, bark, shells and slabs. Once we speak to Marty about materials and where to get them S1&2 will look at cost as part of their Maths classes.

ACTION We will invite Marty in to discuss materials for path and raised bed.

3. AOCB

Miss Bates mentioned that we are collecting shredded paper for Mrs Fraser.

ACTION Everyone keep paper that can be shredded instead of throwing it in the bin.
